SALUJA GOLD

INTERNATIONAL SCHOOL

IN THE INK OF THE VISIONARIES

“ शिक्षा का उद्देश्य है, युवाओं को खुद को जीवन भर शिक्षित करने के लिए तैयार करना ”

मैंने यह उद्धरण बहुत पहले कहीं पर पढ़ा था। आज लग रहा है कि ये कितना सटीक है। किसी के जीवन में शायद ही ऐसा कोई पल आता होगा जब वो आराम से बैठ के सोचता होगा कि अब मेरे पास, इस दुनिया में सीखने के लिए कुछ नहीं बचा है, मुझे अब सब कुछ पता है, सब कुछ आता है।

शिक्षा सिर्फ कुछ विषय नहीं हैं जो स्कूल में पढ़ाये जाते हैं, शिक्षित होना सिर्फ स्कूल कॉलेज जाने, डिग्रीयां लेने और अपने कहे पर गर्व करने तक सीमित नहीं है। ये तो आजीवन चलने वाले एक अभूतपूर्व और रोमांचक सफर की तरह है, जिसमें चलते हुए आप अनेक अनुभव प्राप्त करते हैं और साथ चलने वाले सहयात्रियों को भी प्रेरित करते चले जाते हैं। लेकिन ये सफर ऐसे ही नहीं चल सकता, इस सफर की पहली सीढ़ी स्कूल ही है जिसके पश्चात् एक के बाद एक सारी सीढ़ियां बनती चली जाती हैं।

लेकिन ये सफर आसानी से और मजे से कटता जाए उसके लिए बच्चे, अभिभावक और शिक्षक तीनों का एक ही दिशा में सोचना जरूरी है। यह समझना जरूरी है कि बच्चों को ज्ञान के साथ प्यार और आश्वासन की भी जरूरत पड़ती है। बच्चों के सम्पूर्ण विकास के लिए उन्हें एक अच्छा माहौल देना जरूरी है, जहाँ रचनात्मकता और कल्पना को पंख मिल सकें, जहाँ सवाल पूछने और जवाब ढूंढने की कोई पाबन्दी न हों, जिससे आगे जाकर वो समाज के लिए उपयोगी साबित हों।

सलूजा गोल्ड इंटरनेशनल स्कूल के प्रधानाचार्य, कर्मचारी, छात्र और अभिभावकों को मेरी ओर से हार्दिक शुभकामनाएं कि उन्हें ऐसा अवसर मिला जिससे हम और वो, मिलकर इस देश के स्वर्णिम भविष्य को दिशा देने का कार्य करने जा रहे हैं।

ईश्वर हमें हमेशा सही दिशा दिखाए
असीम प्यार और शुभकामनायें

श्री अमरजीत सिंह सलूजा

Chairman

Saluja Gold International School

From the Director's Desk

Our school is an exquisite international school in Jharkhand.

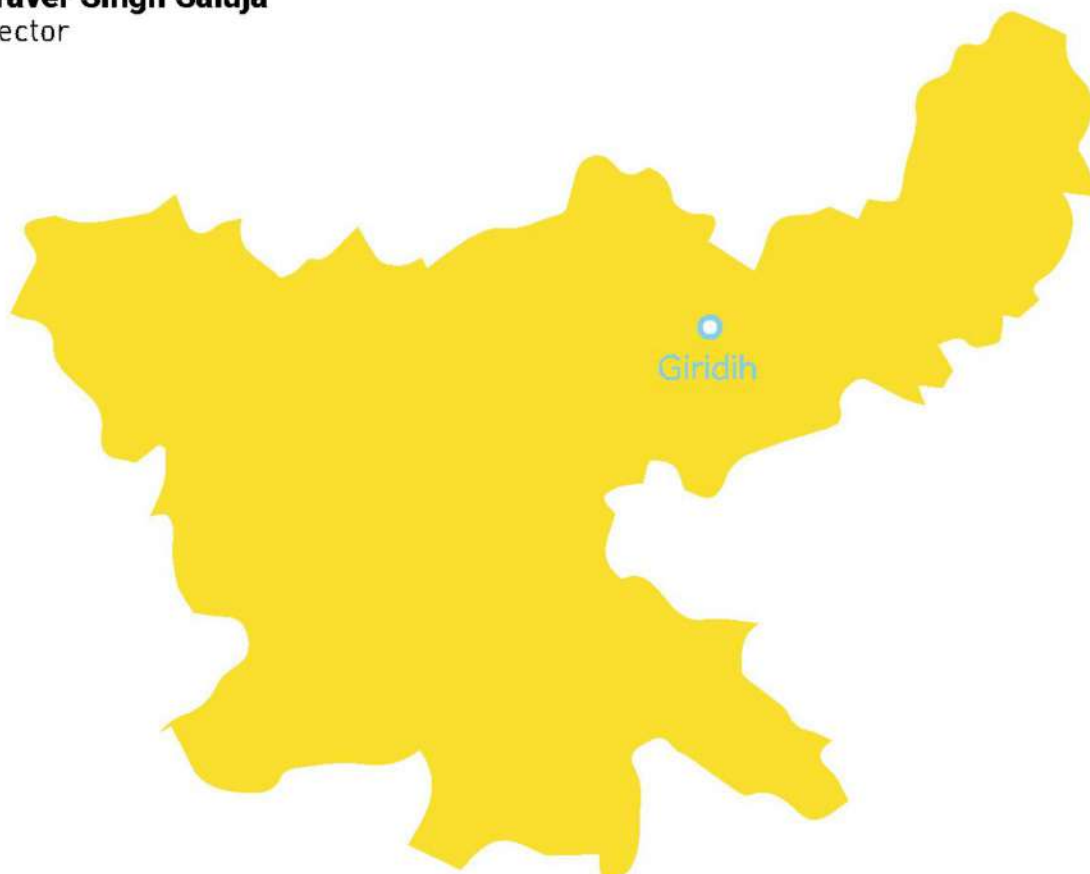

We are a happy, international learning community, flourishing in an extraordinary facility amidst the unique natural beauty of Giridih, Jharkhand. The warmth of this school is apparent the moment you walk through the doors, as is the energy. We aim to be the school that children run to in the mornings.

Our classrooms are seldom quiet, because they are filled with activities as children (and teachers) actively collaborate with enthusiasm. The engagement of the children is obvious, learning is a joyful experience, which is energetically pursued. Our children learn together in a collaborative environment which is the most fertile one for learning and growth.

Our facilities and resources are gratifying because, for us, each child is unique and important. Our teachers are skilled and dedicated as they understand how crucial a good education is. At Saluja Gold, we do more than produce great results - we produce great people.

Come and join us, join the adventure!

Joraver Singh Saluja
Director

From the Deputy Director's Desk

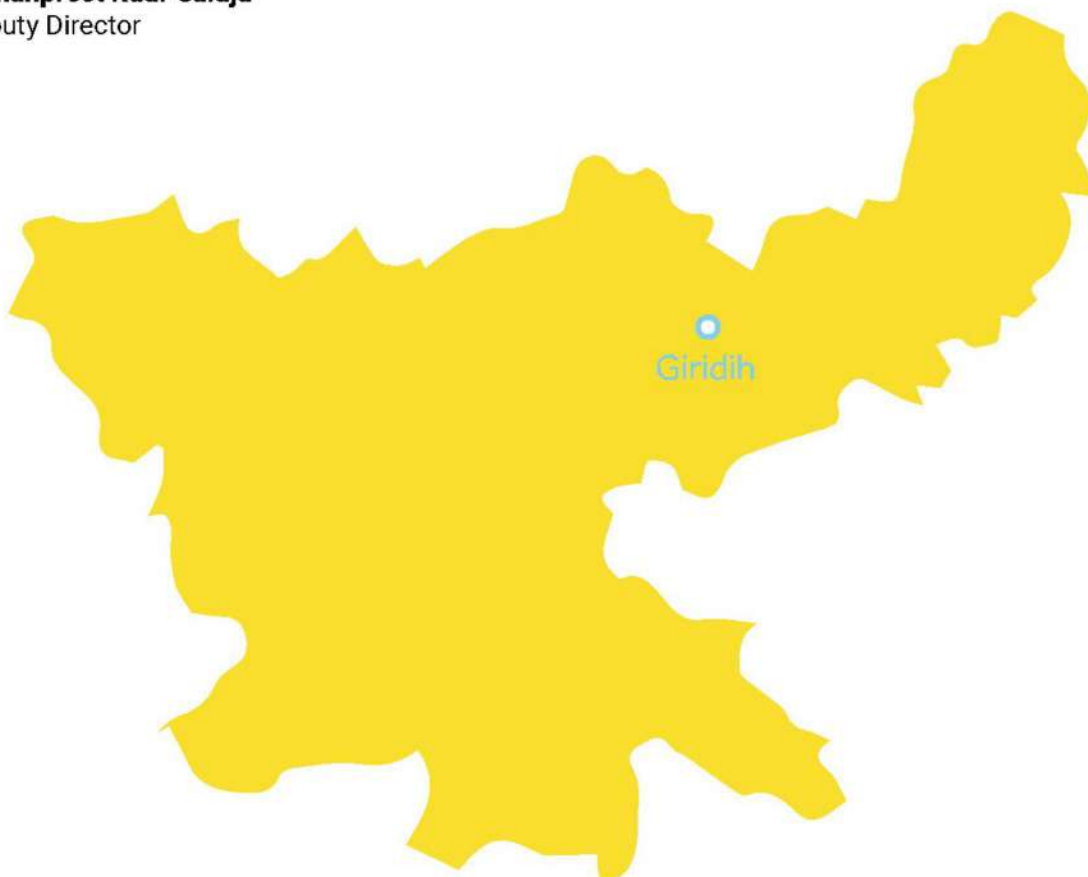

At Saluja Gold International School, we believe in nurturing young minds, fostering creativity and instilling passion for lifelong learning. Our commitment to excellence in education, combined with a global perspective, makes Saluja Gold International School a premier institution for holistic development.

Our residential facilities are designed to create a home away from home for students, the hostel environment is safe, secure and conducive for both academic and personal development. We prioritize the well-being of our students, providing them with a supportive community while fostering a sense of belonging.

Embark on a transformative journey at Saluja Gold International School, where education is not just a destination but a lifelong expedition. Here we inspire minds, cultivate character and nurture global citizens. Join us in shaping a future where excellence knows no bounds and every student is empowered to shine brightly in the tapestry of knowledge, At Saluja Gold International School. education transcends boundaries, unlocking doors to endless possibilities. Your journey towards brilliance begins here.

Ramanpreet Kaur Saluja
Deputy Director

From the Principal's Desk

Education is a lifelong process, which stretches its wing in entire vicinity. To my credence, each child is unique with an absolute potential and therefore the potential needs to be channelized so as to prepare them for the leadership roles in a globalized society without compromising on the universal standards.

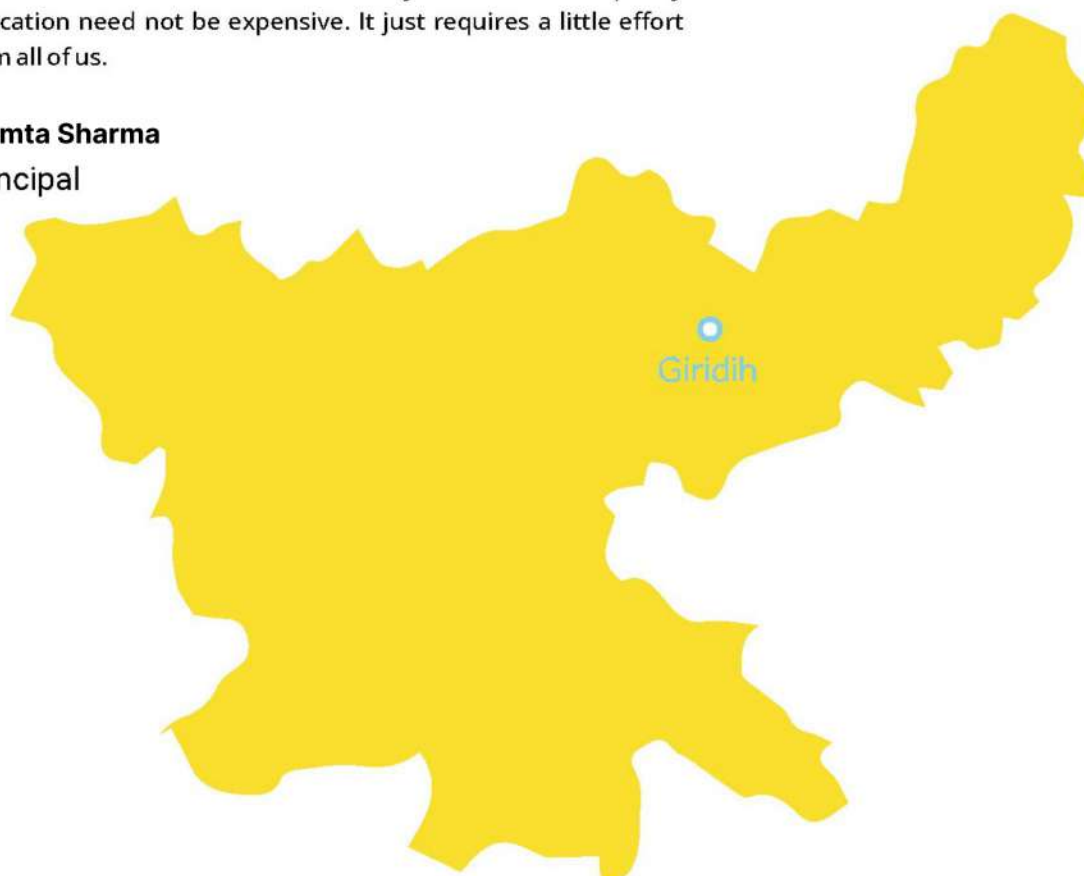

Our distinctive Academic Program and innovative teaching methodologies empower students to be compassionate and responsive to our culture and heritage and academically excel as holistic person with a scientific temper in an environment of sharing and caring. To enable children for this, we provide set of strategies to develop quality benchmark in school education by providing an enriching learning environment for children while preparing them to meet all kinds of challenges in the future.

Real Education implies an on-going, continuous interplay between the five moments of context, experience, reflection, action and evaluation between parents, students and teachers. This is not to lead to mere information but to appropriation, integration into the very activity of Almighty within the created reality of our world especially within each person.

We, at SGIS implement Activity Based Learning methods, along with Experiential learning to ensure that the different learning styles of the students are well addressed in a period of 40-45 minutes. We as SGIS team have always believed that quality education need not be expensive. It just requires a little effort from all of us.

Mamta Sharma

Principal

About the Promoters

The Promoters, Management and Faculty form a dedicated team of professionals with diverse strengths and superior qualifications. Our team is committed to raising the benchmark for international education in India, and taking Saluja Gold International School to greater heights as the best international school in Jharkhand, India.

The Management comprises of highly accomplished people from the world of academia, business enterprise, technology and science. They bring to the school their collective experience and world view and address students, teachers and parents on a periodic basis. Other than providing a vast curriculum along with ample opportunities, they have a kaleidoscope of extra-curricular activities that support the education program of the institution to create strong, confident individuals and active life-long learners.

Saluja Steel & Power Pvt. Ltd. has been serving its variant products for more than 40 years. It is an established conglomerate with several business interests. The company offers a variety of products like high-grade raw materials, low-carbon Ingots, Billets, along with their recent venture "**SALUJA™ GOLD**" TMT bar. They started their journey with a vision to bring prosperity and employment opportunities in the region. Till date they have achieved several milestones and the journey still continues.

About the School

Spread over 8 acres of lush green campus, Saluja Gold International School is spacious, safe and highly encouraging for the students learning. The School provides airy spacious classrooms; Wi-Fi enabled campus, Smart Classrooms and CCTV Surveillance System. It offers classes from Pre-Nursery upto Grade XII. Being ranked as one of the best boarding school in Jharkhand, Saluja Gold International School provides children with healthy environment for their all round growth. The School has a state of art modern library equipped with books belonging to different genres enabling children to cultivate love for reading..Language Labs are developed to Enhance Language Capabilities. Music, Dance, Art and Craft Rooms, Adequate Earmarked Area for Sports with well equipped Football, Cricket ground and Exclusive play area for the Pre- primary Section are some of the eminent features of the School's Infrastructure.

The School's philosophy is to promote children's growth into humane and ethically responsible members of society by guiding them towards responsible action and compliance with generally accepted rules following the guidelines of the School.

Saluja Gold International School strives to develop a sense of security, self-esteem, responsibility and a feeling of positive self-motivation among all the students. The School provides students the skills they require to be successful and happy in the demanding world of twenty first century. Let our children grow into excellent citizens, a generation of eminent thinkers and wise planners contributing to a better Nation.

Associated Activities

School with the Gold Advantage

The school is affiliated to the Central Board of Secondary Education (CBSE), New Delhi. It offers education from Nursery to Grade XII (CBSE Affiliation Number: 3430623) along with day-cum-boarding facility. The lush green and vibrant campus spread across 8 acres creates positive ambience and joyful learning environment. We have created a small fraternity fostered by like-minded educators and educational thinkers who have a single point objective: to give children an environment in which they could flourish to their highest potential and achieve what they truly deserve and dream.

Our Development Cycle

Mission of the School

Our mission is to provide quality education, spread the light of awareness and to make the child intellectually superior. Saluja Gold is committed to impart education that is at par with international standards, which help make our students ethically stronger, where they can function successfully both within the community of our School and the multilingual, multicultural societies in which we live.

VISION

We envision a just, compassionate, thriving culture that is guided by **Perennial Wisdom, Virtue and Strength.**

Providing Maximum Exposure

we offer students and teachers a breadth of exposure and a culture that inspires creativity. Through this, we endeavor to prepare them for the opportunities and challenges of a globally connected world.

A Passion for excellence

We aim for excellent standards across all areas of growth and development.

Instilling Integrity

We cultivate a sense of fair play, accountability and transparency in everything we do.

Encouraging Sensitivity

We respond to and encourage sensitivity to each other's cultures, individual needs and differences. We foster awareness and respect for the environment

Fostering Dynamism

we are an evolving institution that constantly assesses and refines every aspect of our functioning, be it teaching and learning processes, our systems and communication or our approach to education as a whole.

“ तमसो मा ज्योतिर्गमय ”

“Lead me to enlightenment from ignorance created by my actions, thoughts and understanding”.

Involvement

Tell me and I forget.

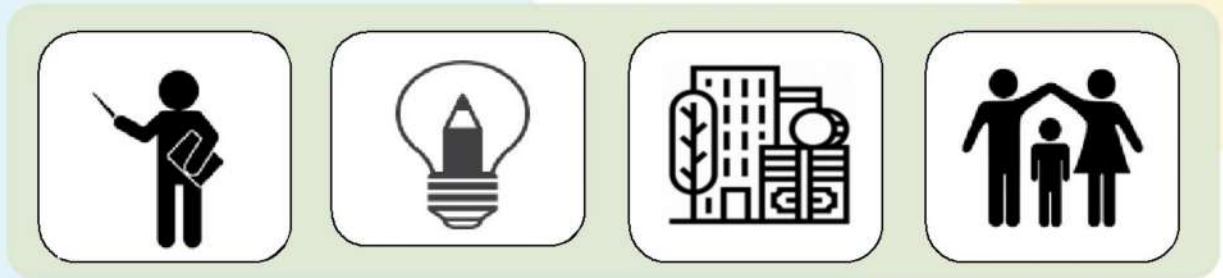

Show me and I remember.

Involve me and I understand.

The 4 Pillars of Success...

Strong foundation is the key to a strong building. Strength and height of a building depends on excellence of its pillars. Following the same and writing the stories of success, we, at SGIS, are sincerely indebted to all our pillars that have laid the foundation of the school so strongly that we have been able to achieve the vision with which we had begun few years ago.

Parent Student Teacher Relationship

I dreamt I stood in a studio, And watched two sculptors there
The Clay they used was a young child's mind, And they fashioned it with care

One was a teacher -the tools she used were books, music and art. The other, a parent-working with a guiding hand, And a gentle loving heart.

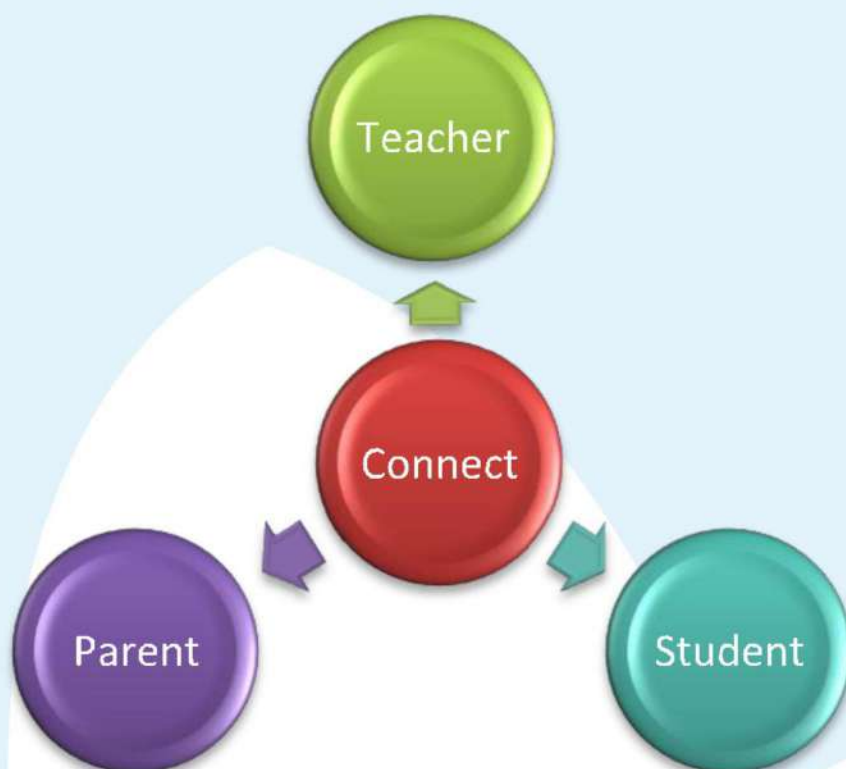

Day after day, the teacher toiled with a touch that was deft and sure. While the parent labored by her side, And polished and smoothed it o'er.

And when at last, their task was done, They were proud of what they had wrought. For the things they had molded into the child, Could neither be sold nor bought.

And each agreed they would have failed If each had worked alone.

For behind the teacher-stood the school, And behind the parent, the home.

The deep words explain explicitly the importance of both, teachers and parents in the life of a child. Together they lay the foundation stone in the child's future. The need to maintain a harmoniously delicate balance between home and school is therefore essential in making this foundation strong. Communication is a key factor in establishing a positive relationship between Parent, Teacher and Student. A positive connection creates a great influence on a child's life. Parents along with the school teachers play a vital role in shaping up the child's success

TRUE
Education

T - Technology oriented

Technology is everywhere-entwined in almost every part of our culture. It affects how we live, work, play, and most importantly learn. Integrating technology into the classroom is an effective way to connect with students and it also helps students to stay engaged.

R - Real World Outlook

Educators design and implement programs that meet the required standards while providing students with real-world activities that reach beyond the walls of the classroom. By doing so, students are able to see that whatever they learn in class has practical applications in the real world and is not just information that must be stored in their brain.

U - Unique Pedagogies

Education is the act of learning about things around us. It should be easy and understandable. It should deal with problems and make balance in every aspect.

E - Experiential Learning

Experiential learning is educating through first-hand experience. Skills, knowledge, and experience are acquired outside of the traditional academic classroom setting, and may include internships, studies abroad, field trips, field research, and service projects.

Our Achievers

Salient Features of our Curriculum

CBSE curriculum that empowers every child to become a winner

Preparation for competitive exams

Special Programs for English Language development

Activities including Music - Vocal and Instrumental, dance and art apart from literary activities

Innovative lesson plans based on well-researched material, regular assessments and remedial tutorials if and when necessary

Access to learning resources, age appropriate educational tools and technology

Research based learning, teaching pedagogies like peer-tutoring, outdoor learning, real world scenarios and simulations

Multiple Intelligence development to facilitate learning and feedback using customized child friendly strategies (Gardner's Multiple intelligence theory)

Empowering children to think critically and analytically. Developing knowledge and creating new skill leads them to higher order thinking (Bloom's taxonomy)

Learning by Doing and Developing everyday practical life skills (Montessori approach)

Personalization through nurturing of individual career aspirations / goals

Overall development of students, academically, socially, emotionally and physically

Our Pedagogical Approach

Our Distinctive Methodology

Pre-Primary

(In the age group of 3-5 years)

- Play way Methodology
- Drawing, Painting, Dancing, Singing, Clay Modeling
- Activities to develop Motor skills
- Oral language drills
- Picture charts, Flash Card showing Animals, Birds, Vegetables, Fruits, Flowers, Insects and Trees
- Age appropriate play material (toys)
- Projector, Computer, Audio and Video tapes or CD's
- Learning centers

Primary / Elementary Education

(In the age group of 6-10 years)

- Apple Education Program - Learning Via I- pads
- Learning Programs for exploring different habitats of flora and fauna
- Smart classrooms and multimedia curriculum
- Audio-visual aids and multimedia technology
- Interactive mediums like e-books, audio books, music and use of drama and shadow play.
- Interactive books on every subject, virtual tours, videos and speeches by experts and institutions around the world.
- Activity Based Teaching & Learning

Secondary & Senior Secondary

(in the age group on 11-19 years)

- Career Assessment Tests with Career Counseling Programs
- Project based learning
- Experiential learning through Entrepreneurial and Industrial visits
- Community development program
- Preparation for various competitive examinations including NTSE, Olympiads and Assessments
- Discussions on global issues through Model United Nations
- Life skills programs that promote Self, Interpersonal and Financial Management

SUBJECTS CHOICE IN SENIOR SECONDARY

SCIENCE

Group-A – English Core (301), Physics (042), Chemistry (043), Mathematics (041), Computer Science (083), Physical Education (048)

Group –B – English Core (301), Physics (042), Chemistry (043), Biology (044), Computer Science (083), Physical Education (048)

Group –C – English Core(301), Physics (042), Chemistry (043), Biology (044), Mathematics (041), Physical Education (048)

COMMERCE

Group-A – English Core (301), Accountancy (055), Business Studies (054), Economics (030), Mathematics (041), Physical Education (048)

Group- B – English Core(301), Accountancy (055), Business Studies (054), Economics (030), Physical Education (048)

HUMANITIES

Group –A – English Core (301), Geography (029), Political Science (028), Economics (030), Physical Education (048)

Group –B – English Core (301), Geography (029), Political Science (028), Sociology (039), Physical Education (048)

Sweat-it-out-zone

The school boasts of a huge complex for various sports activities where we offer a range of indoor and outdoor games like, football, cricket, badminton, basketball, volleyball, chess, and table tennis. The children play and learn the basics of different games under the guidance of able-coaches. All of these are helpful in developing sportsman spirit, team work, healthy competition, and respect for others.

Medical Facility

It has a well-equipped Medical Facility for basic medical emergencies with first aid facilities and a fulltime attendant with a doctor on call facility. Besides, regular preventive health check-up camps are conducted for all students at regular intervals.

School Transport

Keeping in mind the safety and security concerns, the school has a fleet of comfortable buses, for students to commute to and from their residence. All buses are GPS enabled driven by licensed and trained drivers and conductors.

Safety and Security

The school has 24/7 CCTV Surveillance, where the activities and movements of the students on campus are monitored constantly. All school staff and outsourced staff must compulsorily identify themselves with School RFID cards and biometric impression before entering the campus building.

Sports Facilities

(Photos of Indoor and Outdoor Sports)

"Don't put a limit on anything. The more you dream, the further you get". Students at SGIS are given ample opportunities to upscale their physical strength through diverse indoor and outdoor sports. In due course of time students have brought laurels to School in Judo, Swimming, Badminton, Hockey, Pickle ball and many more by winning Medals and Trophies in district and State Events.

Health & Medication

If your child is ill, do not send him/her to school. This is for your child's safety as well as the safety of the rest of the children and staff.

The School has an Infirmary where the child having illness and other health challenge, is suggested to take rest with an immediate supply of first hand medical care. In case of serious health disorder, parents are contacted and conveyed about the same.

Any child absent from the campus with a contagious disease is not allowed in class without a signed statement from a physician indicating that the child is no longer suffering with contagious disease.

Birthday Celebration

Birthdays are extremely special for children, and at School we love to celebrate birthdays of our Students. The birthday boy / girl gets the privilege to be in civil dress. Birthday greeting is conveyed and Song is sung for the Birthday Student. For the Boarders, a cake and light snacks is arranged for the other Boarders as per the request of the parents.

STUDENTS AT SGIS ARE EXPECTED TO BE

Inquirers -

Each student should develop his/her natural curiosity. He/she should acquire the skills necessary to conduct inquiry and research and show independence in learning

Knowledgeable -

He/she should explore concepts, ideas and issues that have local and global significance

Thinkers -

Students should exercise initiative in applying thinking skills critically and creatively to recognize and approach complex problems, and make reasoned, ethical decisions

Open-minded -

Each student should understand and appreciate his/her own cultures and personal histories and also should appreciate values and traditions of other individuals and communities.

Principled -

Students should be able to act with integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities

Reflective -

Each student should be able to give thoughtful consideration to his/her own learning and experience.

Committed -

Each student is expected to be committed to their learning and also they should display perseverance, self-discipline and responsibility.

Empathetic -

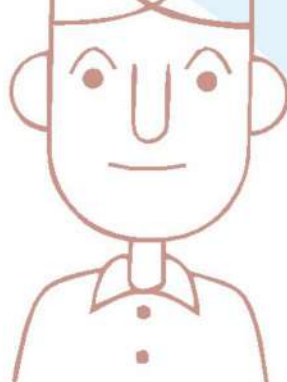

Students at SGIS are expected to be empathetic towards others thoughts, feelings and emotions

Tolerant -

Feeling sensitivity towards differences and diversity in the world and being responsive to the needs of others is what is expected out of each student at SGIS.

Confidence -

Students at Saluja Gold International School should be confident in their ability as learners, having the courage to take risks, applying what they have learned and making appropriate decisions and choices

Boarding Facilities

Separate Hostel for Boys & Girls - The school has dedicated separate hostel facilities for girls and boys managed by experienced and disciplined wardens.

Safety – 24-hrs vigilance by Wardens, Security Guards and support staff are available for our Day Scholars as well as for our Boarders. CCTV camera is installed everywhere in the Campus to ensure strict monitoring and guidance thereupon.

Facilities for Boarders – Well furnished dormitories with separate bed, study table and wardrobe is provided to each student for their boarding.

Remedial Classes – The Boarders are provided with tuition classes on regular basis by the well trained and experienced teachers. Remedial Assessments are organized for the students as per requirement to meet the learning gaps of the boarders.

Recreation Activities – “All work and no play makes Jack a dull boy”. Various In-house games, Art, Music and Dance are organized for the students' recreation.

Features of Boarding

A Comfortable home, away from home

Spacious, well-lit, and well-designed dormitories

3-tier security including CCTV surveillance

Wholesome and nutritious meals served at mess

Home work assistance provided

Neat and clean toilets and bathrooms

In-house laundry service

Access to sports complex post school hours

Engaging activities during holidays / Sundays

Dedicated vehicle for medical emergencies

Outings and Excursions

Medical care during sickness

State-of-the-Art Campus

Green Campus

In this era of concrete dominance, we aim at making children live in a natural and healthy environment. The school has a lush green campus which is essential for a pollution free surrounding for the children.

Library

Our state-of-the-art modern library has a huge collection of carefully chosen books to cultivate reading habits amongst students of all grades. There are contemporary books from quality publishers and not just course books.

Apple Education Program

There are over 65,000 apps available just for aiding education. We have virtual tours and videos from experts and institutions. We are also aided by the Apple education program with resources like iPad and Apple TVs.

Science Lab

Equipped with the latest and the best lab instruments and equipment, this lab would give hands-on experience to learners leading to conceptual understanding and scientific approach.

Computer Lab

Equipped with desktops and with access to internet connectivity, the students learn various computer applications, software and also explore the knowledge in a controlled and regulated environment.

Math Lab

Aided by and associated with the JodoGyan, our math lab is all about experiential learning of mathematical concepts in a 'fun' way through educational aids, interactive tools, computer interface and guidance from teachers.

Language Lab

Aided by the NIIT, our lab makes learning an enriching experience for the students with the use of audio visual inputs like e-books, audio books, music, shadow play and storytelling.

Robotics Lab

It's an active space where knowledge, skills and innovation meet and the young innovators discover the magic of using technology for solving problems using the "STEM" concept of robotics (Science, Technology, Engineering and Math) in collaboration with Jay Robotix, Hyderabad.

Our Core Values

Committed towards overall Excellence

- Honesty
- Integrity
- Humility
- Empathy
- Goal Oriented
- Preparedness
- Co-operation
- Collaboration
- Perseverance
- Gratitude

SALUJA GOLD
Millimeters
PLAYGROUP, PRE-NURSERY, NURSERY

Our Pre- Primary and Primary Branches- The Stepping Stone

Benefits of Early Learning Program

Significant research done on the importance of Preschool in a child's life shows that children who attend Preschool with a well- planned and structured curriculum are prepared to master the complex demands of formal schooling in a better and positive way. The first eight years in the life of an individual is referred as early childhood as this phase determines the future of a child not just in terms of his education but also his abilities, personality, individuality and success. If a child lacks education in his first eight years, it can spell doom for his future. His education determines the mental, emotional, social and educational growth and relationships received and built during his first eight years.

Learning Centres for Nursery

The classroom in itself is an invaluable teaching tool. The space is carefully designed where children can create, communicate and explore. These planned areas in the classroom provide a space that facilitates kids to see all the possible play and learning activities available to them. This time encourages kids to explore new concepts through hands-on-activities such as-

- Circle Time
- Blocks
- Story Telling Session
- Show and Tell
- Toys and Games
- Art
- Music and Movement

Teaching Should not be profession. It should be a passion. Only then can education move from imposition of facts to exploration of truth.

Holistic Learning

Inside the Classroom

- With a limited number of students in class, every child receives individual attention that he/she deserves and needs.
- Hands on activities are a part of the teachers teaching and learning of the students, and are fun and enjoyable.
- Exposure to National and International issues during the teaching to broaden the students intellect.
- Innovative problem solving techniques, Questioning and Active participation in discussions are strongly encouraged to build curiosity and confidence among students.
- Practical and Project Based approach of learning forms the key of knowledge building.

Outside the Classroom

- Yoga, Mass-Drill and Special Assemblies form an integral part of the school curriculum to align the students composure.
- A diligent co-curriculum program ensures that children step out of their comfort zones and endeavor new skills.
- Celebrations of cultural festivals and important events both National and International are a part of the curriculum that is well executed to foster a spirit of oneness among students.
- Inter-House and Inter-School events are conducted to inculcate the spirit of honesty and healthy competition amongst the children.
- Co-Curricular Activities, Games, Field Trips and Excursions are conducted from time to time to explore
